

March 27, 2016

Dear Clients and Friends,

I have an exciting announcement! Starting on April 1st, 2018, David Secord and Duras Computing will be merging with My IT Guy Corp. After working by myself for more than 15 years, I have decided to join forces and grow my business along with Adam Smith and My IT Guy.

Adam started My IT Guy in Kitchener-Waterloo in 2004 and shares the same philosophy of providing fast, friendly, competent IT Support Services. I will continue to support my clients personally but will now have additional resources of knowledgeable IT staff that will be trained to also support your businesses.

All services and support will continue as normal but starting in April will be billed under the My IT Guy brand.

Thank you for your continued support over the years. We hope to make this transition as easy as possible with minimal impact for my clients, including keeping my 1-888 phone number. If you have any questions or concern, please contact myself or Adam.
